

# What is Essential Organics 'Acne'?

A new innovative approach to improve acne skin conditions

Ingredients; Eucalyptus Hydrosol, Sesame Oil, Aloe Extract  
100% Organic Product

**Why we love it:** A must for any teenage medical aid kit! Acne gel gets right too those spots to heal the infection.

*This treatment gel is absorbed instantly into acne infected areas, eliminating bacteria which reduce inflammation of comedones & other acne related skin disorders. It can effectively be used on acne vulgaris, pimples, pustules, infected hair follicles, athlete's foot, and herpes infections.*

Uses; Pimples, Acne, Skin Infections:

Acne Clean the affected skin surface with cooled boiled, sterile water or skin cleanser. Dry and apply a thin layer of *Infection Gel* over the affected skin surface. Re-apply every 3-4 hours after re-cleaning the affected surface.

## 'Essential Organics' Key ingredients:

### Unique MCC Registered formulation for acne infections and damaged skin

**Eucalyptus globulus (Eucalyptus) Oil Extracts** show antibacterial, anti-viral and anti-fungal properties. These extracts have been used in cases of multiple-resistance staphylococcus infections. A topical application or percutaneous treatment has been shown to be effective in chronic MRSA osteomyelitis. An anti-inflammatory effect through anti-oxidant pathway has been demonstrated, and eucalyptus extracts are used to de-stress patients and control post-operative pain. In addition, the eucalyptus extracts show antiplasmid activity. The antibacterial efficacies of eucalyptus tincture are used in obstetric-gynaecologic and dental infections.

**Sesamum indicum (Sesame) Seed Oil** has been shown to reduce cellular oxidative stress, which is a key precursor to ageing of skin tissue. The oil has been shown to reduce periodontal disease, and the oil has anti-bacterial and fungal properties. Sesame seed oil contains a high percentage of Vitamin E, essential it maintaining healthy skin. Studies have shown anti-viral and nerve tissue growth stimulant.

**Aloe barbadensis (Aloe) Leaf Juice** has been shown to have skin moisturising effects. Aloe Vera extracts have positive effects on cell structure and increase cellular healing potential. Antilipoxygenase activity and the trace elements content of Aloe Vera account for rapid skin healing in burn victims and radiation-affected patients. These extracts have been used in facial plastic surgery healing and wound management in chronic ulceration, and shown to have UV protective effects on exposed skin.

# Benefits

- eliminates skin tissue infections
- improves basic skin quality and structure
- significantly reduces the visibility of acne scarring
- significantly improves the appearance of the skin both on face and body
- provides an overall defence against re-infections
- stimulates the regeneration of collagen and elastin cells
